Tim Bryson is hosting today's program
Presenting: Ms. Angela Lee

Our presenter today is Ms. Angela Lee, a successful entrepreneur in the tough world of fashion. Angela grew up in a rural setting near Alliance, NE. Her grade school experience was that of eight students in a one room country school—surviving that she attended and graduated from Alliance High School and The University of Nebraska.

Angela always dreamed of fashion, and so from a friend's bad experience, a \$20 sewing machine, a vision and a stubborn streak, she created a product called SHOLDIT. This unique product has been patented and the name registered. Ms. Lee and the product SHOLDIT have been featured on the TODAY show, Good Morning America and The View; and in numerous magazine and newspapers. Her company is headquartered in Rockbrook Village in Omaha and is now 4 ½ years old.

Aside from her business, Angela loves to travel, entertain and loves the outdoors. She is here today to tell us her story.

OPEN FOR BUSINESS...

PROMEDCARE is a local business, owned and operated by Lynn and Cindi Lamprecht of Fremont. The motto of PROMEDCARE is: "Keeping You Healthy, Happy and Safe at Home."

Recent statistics indicate current baby boomers will double and individuals 85 years and older will triple in population over the next 20 years. Also, nursing homes are becoming more expensive, and due to a reduction in reimbursement, hospitals are dismissing patients earlier than in the past. In addition, most individuals would rather stay in their own home rather than go to a retirement facility when they retire or need additional care.

Within the PROMEDCARE business model, services include:

- 1. Non-medical in-home personal care to perform duties such as:** Cooking, cleaning, errands, bathing and transportation.
- 2. Durable medical equipment:** Oxygen, CPAP, wheelchairs, walkers, crutches, lift chairs, canes, etc.
- 3. Home modifications:** Under the direction of a Certified Aging in Place Specialist, the client's home is assessed and modifications are suggested for individuals to live safely within their home. Items such as: grab bars, ramps, vertical platform lifts and stairlifts can be installed by qualified personnel.
- 4. Home Safety Systems include:** Medication reminders and emergency pendants.
- 5. Nursing Home Placement:** If there is a time when PROMEDCARE services are unable to meet the total needs of the client, PROMEDCARE will work with the patients, physician and family to determine the best facility for the client.
