Presenter: Wanda Samson

American Red Cross

Wanda Samson has served as chair, vice chair, and secretary for the American Red Cross, as well as coordinating the annual Christmas Party.

She is a graduate of Midland Lutheran College, now known as Midland University.

She spent her whole full-time teaching career at Fremont High School as a business teacher, and is currently an adjunct at Metro Community College in Fremont.

Her volunteerism includes, but is not limited to, 25 years as a volunteer for the American Red Cross, serving on the Dodge County Board. She started the Bloodmobile at Fremont High School, which is in its 20th year, and has been donating blood regularly since December 1972.

She is an active member of St. Timothy Lutheran Church.

Samson serves as treasurer and membership for both the Nebraska Association of Retired School Personnel and the Fremont Area Association of Retired School Personnel.

We're so close to eradicating polio –

We need \$1.5 billion more to finish the job

The last time polio affected a child in Europe was 2015. Two Ukrainian children were diagnosed with paralytic polio, and that likely means that many more were infected and didn't show symptoms. The reality is that no place on Earth is safe from polio until the disease is eradicated everywhere.

The fight has come a long way, but it is far from over. And while many involved in the effort say we may detect the final naturally occurring case of polio this year, getting to that point – and ensuring that the disease remains gone – will continue to require money, hard work, and the support of Rotarians around the world.
